

Common Accessibility Issues

How nonprofits can
identify and ensure their
tech is accessible

Local Meetups
from

techsoup

Who am I?

Bryan Daniels

Project Manager, [Skvare](#)

bryan@skvare.com

What is an accessible website?

Think about your audience

Can they use a mouse?

Can they use a keyboard?

Can they watch videos?

Can they hear videos?

Do they have control over media?

Are they using a screen reader?

Does your webpage rely on color or imagery?

What is ADA compliance?

Does it affect me? YES!

WCAG guidelines

Levels of conformance

What is the legal requirement?

A vs. AA vs. AAA

Level A focus on navigation and readability

Level AA extends to color and text

Level AAA is very strict

How do I know if I'm compliant?

AxE

WAVE

Color Contrast Analyzer

Spectrum

Where do we go from here?

Talk to your developers

Use the tools

Be wary of audit services

Be careful with modules

What if I need help?

Go to [Skvare.com](https://skvare.com)
